FOR A CHANCE TO **WIN** ONE OF THESE BEAUTIES!

# A Saddle Fitting Revolution!

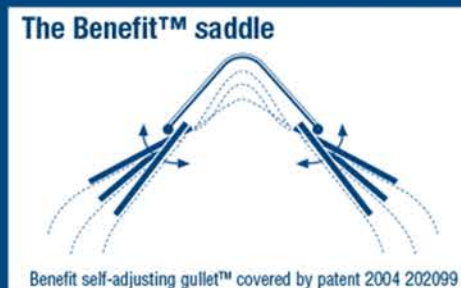

The patented **Benefit self-adjusting gullet™** has been tried, tested & proven with many years of successful sales.

The hinged plates on the gullet, embedded in the padded saddle point pockets, will accommodate a wide range of wither profiles. The **Benefit self-adjusting gullet™** will simply adjust into your horses wither profile as you girth up. The gullet will also, very subtly, adjust to the riders shifting weight while allowing more freedom and flexibility though the horses shoulders.

The one gullet will now fit your horse throughout its life cycle of growth and varying condition, in or out of work.

We all know that every horse is different and the new **Benefit self-adjusting gullet™ technology**, combined with our tailored saddle panels, minimises the guesswork in selecting a saddle that will correctly fit your horse.

The **Status Elite synthetic saddles with Benefit™** are now available and you only need to choose between a standard or wide gullet. Benefit "Standard" gullets are combined with a tailored panel that will fit most horses. The Benefit "Wide" gullet saddles and combined panel will fit horses requiring a very wide gullet.

## Introducing the NEW **STATUS ELITE** with **BENEFIT** self-adjusting™ Gullet

*Maximum Comfort For You and Your Horse*

**STATUS ELITE** synthetic saddles with Synthetic Suede Grip Seat and Knee Pads on flaps, plus the **NEW Benefit self-adjusting gullet™**.

No more changing gullet bars, it simply adjusts to fit the horse as you girth up. Available in a Standard or Wide Gullet size.

**STATUS ELITE** with **Benefit** are available in three sizes: 15 1/2", 16 1/2" & 17 1/2".

All saddles come with removable Knee Pads for extra comfort.

**STATUS ELITE** with **Benefit Dressage** and **G.P. Saddles** in all sizes are also available in Kits.

Each consisting of:

- Anti-Gall Lonsdale Girth
- Chrome Knife Edge Irons
- Status PVC Leathers
